

Vision

Nurture a global Muslim leadership around Islamic and pluralistic values.

Mission statement:

Empower Muslim leaders to become positive change agents in a globalized world.

Core Values:

1. Promote Islam as a religion of peace and harmony.
 2. Allow for the integration of Islamic and Western values through the application of the universal spirit of Islam.
 3. Resolve & prevent future conflict through peaceful methods of interfaith and intra-faith dialogue.
 4. Encourage greater diversity by promoting all forms of human expression including culture and arts
 5. Enhance the intellectual development of the global community through knowledge-sharing.
 6. Foster friendship and coalition building between faith communities towards building a moral and just society.
- In today's interconnected world, how do we foster dialogue and greater understanding, whether intra- or inter-faith?
 - What kind of solutions are needed to resolve present conflicts and prevent future conflict and ensure the sustainability of our progress?
 - What values do Western Muslims bring to the global mosaic?
 - To integrate must we assimilate?

ASMA Society is providing the fabric to tie these commitments together and strengthen our resolve to act. We are committed to creating a platform and a network of Muslim Leaders of Tomorrow that embodies this mission as its own and works together to build a bright new future for our community.

Participants in this group are selected from diverse schools of thought, ethnic, cultural, socio-economic and professional backgrounds and range in age from 20-45 years. Leaders will be given the opportunity to represent Muslims at various forums & discussions with leaders from a spectrum of western society and to see firsthand the significance of their own actions in shaping a different future for Islam in the West.

This program has been made possible by a generous grant from:

*C-100 World Economic Forum
West-Islamic World Dialogue*

Additional support has been provided by:
*Rockefeller Brothers Fund, NYC
William & Mary Greve Foundation, NYC*
